

Volunteers Serving Children in Need Around the Globe

In 2023, we celebrate the work of Global Dental Relief volunteers bringing dental care to children in Nepal, India, Guatemala, Mexico, Kenya, Cambodia and Kentucky, USA.

Heartfelt thanks to the dedicated volunteers, donors and sponsors — the GDR community — who make this work possible!

Our Work

GDR Dental Clinics

With a vision to restore children to full dental health, field clinics are staffed by GDR volunteers in local schools or community buildings. Class by class, children receive all necessary dental care, oral health instruction, a fluoride treatment and new toothbrush. Children return to the clinic every two years to ensure a childhood of healthy smiles.

Oral Health

To enhance oral health awareness in students, families and the local community, children receive an annual classroom visit to teach the basics of oral health, and provide each child a new toothbrush and fluoride treatment.

School Lunch

School lunches receive a nutritional boost of two eggs and three pieces of fruit a week, boosting over 153,800 school lunches for children in Nepal in 2022.

Adventure in Service--Join Us!

Global Dental Relief serves children in seven countries with trips for everyone, ranging from comfort hotels and beach locations to remote, high mountain destinations. All trips combine deep cultural immersion with the joy of serving children. **Dental and general volunteers are needed this year!**
