Gratitude

Global Dental Relief's work is made possible by our amazing donors, sponsors, and the dedicated volunteers who join us on volunteer service trips.

In 2023, volunteers reached 22,382 children with dental care in clinics enriched by deep cultural immersion and the joy of serving children.

Heartfelt thanks to all!

Our Model of Care

Many children globally live without access to care. Small cavities grow into serious decay and infection, affecting a child's ability to sleep, eat or pay attention in school.

Global Dental Relief volunteers work to restore children to dental health and bright smiles.

Children attend clinic class by class, and receive all necessary dental care, oral health instruction and a new toothbrush. Children return to clinic every two years.
