

A week in the work of Global Dental Relief.

7 days. One school in Vietnam. 604 children. Endless smiles.

That's the report from Global Dental Relief's most recent camp at Tieu Dong Primary School in a village near Hue, Vietnam. Two classrooms were transformed into a full-service dental clinic by 19 Global Dental Relief volunteers. 604 children were about to see a dentist for the first time in their lives.

Everyone was grinning from the start. Boys and girls lined up eagerly for their turn to have cleanings, fillings and other care. When their names were called, they playfully "opened wide" and held the pose as they scampered to the chair. Afterwards, they sprinted to the playground to show friends the results.

More to smile about! Children also received a toothbrush and lessons in proper dental care – parents, too! That helps assure a long-lasting impact on dental health and lessons that get passed on to future generations.

Arhaus is proud to partner with Global Dental Relief, a non-profit organization that brings healthy smiles to the children of Vietnam and around the world.

Purchase a mirror during the Storewide Sale, and Arhaus will donate 10% of the sale to Global Dental Relief.

After decades of working within the global community, you make a connection that's deeply personal. That's why we partnered with Global Dental Relief, an organization that provides free dental care to underprivileged school children in Vietnam and countries throughout the world. Dental health is a key line of defense for a child's long term well being.

When you purchase a mirror from Arhaus – you will help support Global Dental Relief. Arhaus will donate 10% of all mirror sales during our Storewide Sale.

When you smile in the mirror, you can imagine the smiles and deep gratitude on the faces of the children you've helped.

Want to do more? Visit any Arhaus store and make your donation to Global Dental Relief. Or visit their website, www.globaldentalrelief.org, where you can donate online and find other ways to support their work with 56,000 children around the world.
