Supply Bags

We hand carry from the United States all equipment and supplies for the clinic. We need as much help as possible to get bags of equipment and supplies to the clinic. This is the least expensive, most reliable way to deliver items to the countries we work in.

Each passenger is allowed two 50-pound checked bags (this is changing with a few airlines which now may charge for the second bag, which we can reimburse you for). We ask that volunteers limit their personal baggage to one checked bag and to bring our bag of supplies as your second piece of checked luggage.

Supply bags (usually large duffel bags) weigh around 40 pounds. Bags are within the size and weight restrictions of the airlines and contain an inventory of contents in the side pocket. We will ship the bag directly to you, ready to go. Note that we will not ask all volunteers to carry a bag, so even if you agree to carry a bag you may not get one.

We are deeply grateful for your help! It would be impossible to get all of the supplies necessary to run this clinic without your willingness to carry a supply bag - THANK YOU!

Amalgam / Fluoride Varnish / Sealant Material / Anesthetic

As you may know, GDR is growing at a fast pace. In past years we treated 2,000 - 3,000 children a year. Now, with clinic expansion and increased volunteer interest, we treat 8,000 - 10,000 children a year. This has proven to be costly in terms of buying equipment and supplies for our clinics. While we can get many items donated, or purchase them at cost, we always pay full price for four things in particular : **fluoride varnish, anesthetic, sealant material and amalgam**. With this in mind we ask dental professionals to bring at least 100 carpules of anesthetic (lidocaine 2% or similar), 50-100 packets of fluoride varnish, 2-3 tubes of sealant material and/or any amount of amalgam. We are also happy to accept many other donations - please contact us if you plan to bring other supplies.

This is only a humble request - you certainly do not have to donate items in order to participate in the clinic, but they would be of great help to us. Please complete the attached form indicating whether you are able to bring these items and in what amount. Note: dental professionals often have great success asking their sales reps to donate supplies. Many Thanks!

Gloves

If you are allergic to latex please plan to bring your own gloves, otherwise gloves will be provided for you in the size that you indicate on the attached page.

Please complete and return to our office at:
Global Dental Relief, 4105 E Florida Ave., Ste. 200, Denver, CO 80222

Project Location and Departure Date: _____

Volunteer Name: _____

What size gloves do you wear?

XS S M

L XL

Are you allergic to latex?

Yes No

GDR is unable to guarantee that latex-free gloves will be available in your clinic. If you have a latex sensitivity, we ask that you bring your own supply of 300 latex-free gloves.

Supply Bag

Are you able to carry a bag of dental supplies to the clinic?

Yes No

(if you agree, GDR may ship a duffel bag full of supplies to your home prior to your departure for you to carry as checked luggage to your clinic location)

Amalgam

Can you bring amalgam?

Yes No

If yes, approximately how many capsules? _____

Fluoride Varnish

Can you bring fluoride varnish?

Yes No

If yes, approximately how much? _____

Anesthetic

Can you bring anesthetic?

Yes No

If yes, approximately how many carpules? _____

Sealant Material

Can you bring sealant material?

Yes No

If yes, approximately how much? _____

Other Supplies

Do you plan to bring anything else to donate? Please describe:
