Volunteers Serving Children in Need Around the Globe

India

"It was such an amazing experience working with the children and getting to know the GDR team. Everything was so well orchestrated. It was an incredible way to see a different part of the world and do something useful during that time."

Volunteer, Matt Brooks

Nepal

"I love coming on these trips. It helps me realize what is important in life. Seeing another culture and being immersed in it for a few days is a dream come true."

Volunteer, Ann Gormley

Dental Care for Kids Since 2001

Children Served:
192,245

Donated Care:
\$40.1 million

Volunteers:

Kenya

"This is such a gift to these kids. It is gratifying to feel like we are making a BIG difference and the kids, staff and volunteers are so great."

Volunteer and Trip Leader, Bic Aki DDS

Each child we treat receives an average of \$208 in donated dental care, at a cost of about \$20.

Help us care for children this year! Join a volunteer project in India, Nepal, Cambodia, Kenya, Mexico or Guatemala.

Come with us to Mexico!

In 2020, GDR expands its reach to the Yucatan Peninsula. Join us in providing care to indigenous Mayan children.

(We work hard, but we also know how to relax.)

It's All About the Kids

We focus on saving permanent teeth. Since 2001, GDR volunteers have filled 112,046 permanent teeth!

Model of Care

Global Dental Relief volunteers serve children in schools, treating them class by class.

Every child receives a dental exam, all needed restorations, extractions, and a cleaning, and a fluoride treatment.

Each child receives a new toothbrush and oral hygiene instruction.

Cambodia

"I love that GDR trips are designed to make the maximum impact on the host country by having partnerships with other charitable organizations to provide lodging, meals, etc. Not only are you helping kids get dental care, but you are indirectly supporting local people getting jobs, homes, a better life."
Volunteer, Michelle Lukaschewski

Since 2001, GDR has set up 309 dental clinics in six countries, on three continents around the world. The clinics are often the only hope these kids have to receive dental care.
